

DECLARATION OF RESPONSIBILITY

The Hilti Foundation study grant makes it possible to participate in the Music Art Creativity Hub free of charge.

Being selected to participate and become a part of MACH, Music Art Creativity Hub, means joining a project of musical development and production that has as its goal the creation of a new, more deeply profound approach to the language of music through the use of various forms of expression: artistic, pedagogical and intellectual, capable of enriching the internal perceptive world of the individual.

The project includes a summer session in 2019, and a summer session in 2020.

Being selected for MACH means assuming the responsibility to participate in the first 2018 summer session without the possibility of cancellation. It also give the possibility to participate at the annual sessions, the dates of which will be announced during the 2019 summer session.

If you should renounce the Hilti Foundation study grant, which allows you free access to MACH, it means that you have deprived another young musician of the possibility of participating in the project, compromising the success of the project itself.

In signing this document, you assume responsibility for the project by guaranteeing your active participation.
